

### ***My Mother***

You've been the greatest blessing in my life, it's clear to see.  
Words could never express how dear you are to me.

I owe you more than money could buy for all you've been and become.  
To repay you for your strength and love could simply never be done.

Your faith, hope, and love are things that I treasure;  
But I truly appreciate the love you give without measure.

My heart's full of pride for all that you've been...  
I'm glad you're my mother; I'm glad you're my friend!
