

Our Dad

He's quite a piece of work, our Dad.
He's one amazing critter.
Farmer, Salesman, Trucker, Boss,
He's surely not a quitter.

He takes on any challenge
With hammer, nail, and glue.
If he just puts his mind to it
There's nothing he can't do.

He whips the young bucks on the court.
His hook shots make you wonder.
He takes the hills on snow machines,
He's not too old, by thunder!

He's lived by self-reliance
And faith and trust in God.
When life's knocked him around a bit
He's always beat the odds.

He helps out any neighbor,
Any stranger too.
Try not to be offended
If, by chance, he grumps at you.

He's not a man of many words.
He rarely prattles on.
He knows what is important,
In that he's always strong.

His life has been devoted
To children and to wife.
We've seen in his example
The gift of sacrifice.

There is no other soul on earth
Quite like this stubborn man,
And we are grateful he's the one
We get to call Our Dad.
